Dear Crosby,

Just a line to inquire what progress is being made in the project of getting Hildegard Beetz up from Munich. I understand the Munich station has been closed out, and this would doubtless be an opportune moment to transfer her.

As I recall, you were not sure whether you wanted to have her available in the American zone. Both Larry and Henry feel strongly that she would be extremely useful here in Berlin. Our thought here is that a long-range project should be worked out involving a complete change of identities. If you approve, we are anxious to get to work and organize this project.

Very truly yours,

Dana
